April 2019

This month's surgical mission took place on April 22-25, in Colimes, Province of Guayas. It was organized by the New Prefecture of Guayas and the "Daniel Arroyo" Foundation, our special thanks go to everyone from this institution for their assistance in organizing this mission, screening patients, and pre- and post-operative care as well as coordinating post-operative control, which was carried out through our telemedicine project.

The medical team included Dr. Lenin Fernández de Córdova, Dr. Anita Vicuña, Dr. Blasco Guzhñay, Dr. Alberto Quezada, Dr. Raúl Cajamarca (Surgery Resident, IESS), Nursing Assistant Fredy Peralta, Mr. Gonzalo Matute, and Mr. Marcos Tacuri. The team also included medical student from the University of Azuay: José Ordóñez, Pedro Flores and Pedro Moyano.

During this mission, we performed 22 surgeries, 16 surgical consultations and 3 clinical consultations.

We also performed 9 surgeries, 2 clinical consultations, and 16 surgical consultations in the city of Cuenca.

Total surgeries this month: 31.

Our thanks to VCU (Virginia Commonwealth University) for the donation of supplies for our surgical missions, received in the month of March.
